**NEW Myers Toll-Free Customer Service Phone Number**

As an added benefit to you, effective December 3, 2007 the Myers customer service phone number will be changed to toll-free. The current customer service number, 419-289-6898 will no longer be in service, but a voice recording will direct you to the appropriate 888 telephone number.

We will be able to service you better through the new toll-free phone lines and your calls will still be answered with professionalism and urgency, as they have been in the past.

The new # is 1-888-98Pumps (1-888-987-8677).

We appreciate your continued support and believe that the only hassle in this transition will be programming or memorizing a new number!

Sincerely,

*Susan H. O'Grady*
